At Little Faces play is the most important part of our day and through careful observation, every day is based on what the children enjoy best, whilst also ensuring that they are given opportunities to explore, experiment and investigate.

Our aim is to work with parents to provide flexible childcare provisions meeting the needs of all parents/carers at a reasonable cost. We accommodate parents who work shift patterns and term time only. Little Faces also offer the 2 and 3 year funding.

With our unique opening and closing times 7am till 7pm we are here to meet your individual needs.

Parents as Partners

Little Faces Nursery recognises that parents /carers play a fundamental role in children's development and this is acknowledged as the basis for a partnership between the nursery and parents/carers.

A strong management and staff team are committed to working in partnership with parents /carers to provide a high quality, safe and stimulating environment.

> **" It is a fabulous nursery, the management and staff are great, the learning, activities and day-to-day running of the nursery are top class! "**

We understand that parents/carers are the first and main educators of their child and by working together can ensure that children learn and develop in line with the early learning goals of the Early years foundation stage (EYFS)

Our Curriculum

Little Faces Nursery carefully plan the daily activities for all children. Our team of practitioners regularly observe, and assess the children's development, following the EYFS framework.

At Little Faces we have four rooms, including a Baby Room, Toddlers, Rising 3's and Preschool. Each room has been designed to meet the individual needs of each child, allowing them access to a wide variety of age appropriate equipment to assist their learning and development.

As soon as your child begins at Little Faces Nursery their learning Journey will commence. Your child's key person will document this in a unique learning journey book. This is special keepsake that not only evaluates and tracks your child's development, but also holds memories, photos and artwork of their time at Little Faces Nursery.

Little Faces Indoor play spaces provide additional opportunities for large scale play, exploration and physical development.
